

Dear Member aspirants of the **International Board of Medicine and Surgery (IBMS)**:

We are extremely happy and delighted to welcome you on our new Global Platform of Doctors' Unity that is the IBMS International Medical License (IML).

In the olden days during the First and Second World War, Medical Doctors were treating all the global citizens and civilians or victims of the war irrespective of their language, color, geographical boundary, religion, or caste.

Benefit of Doctors' Global Unity are immense.

In the healthcare world everything depends on the pen of a physician or the tip of the knife of a surgeon.

All are dependent on the doctors' efforts whether corporate administration/management, paramedics, nursing staff, pharmacy, blood test laboratory, CT scan/MRI, noninvasive investigatory procedures, or innumerable other dependent people.

Hence, we invite everyone to DOCTORS UNITY & DIGNITY through the IBMS International Medical License.

IBMS International Medical License gives you instant Organizational Recognized Respect with transparency of credentials anywhere in the world.

With Highest Regards,
